

EXECUTIVE MBA

The University of Sheffield International Faculty, CITY College welcomes all applicants regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, pregnancy and maternity.

ADMISSION REQUIREMENTS

Selecting candidates for admission is a very critical decision for the Executive MBA programme (MBA). We believe that there is more to selecting a candidate than just considering scores, GPA's and other merely numerical performance indicators. For this reason admission decisions for the EMBA take into account **three** primary areas of evaluation:

1. **Professional Experience** (length, breadth, and depth of professional and managerial experience; potential for career development and progression)
2. **Academic Qualifications** (a bachelor's degree from an accredited institution or previous postgraduate level studies with a satisfactory level of achievement)
3. **Additional Relevant Criteria** (Potential contribution to the learning experience of the programme; maturity and motivation; ability and willingness to commit the required time and energy to the programme; community service and professional activities; support from an applicant's employing organization).

Furthermore, it should be noted that in admitting selected groups of high-potential managers coming from the same company or industry (instead of individual applications), admission recommendations are based on both class composition and individual criteria. Class diversity in job function and industry classification is an objective.

Nevertheless, there are a number of **standard admission requirements**:

- Undergraduate degree from an accredited institution (does not have to be a business degree)*
- A minimum of three – five years of professional work experience
- Verified English Language Competence**

*A small number of applicants may be accepted without an undergraduate degree, provided they have substantial experience in managerial posts and they meet all other requirements.

****ENGLISH LANGUAGE QUALIFICATIONS**

Successful applicants must have a fluent command of the English language proven by: TOEFL Internet based 89 or IELTS (Academic): 6,5 or Cambridge Advanced English (A or B) or any other recognized certificate proving advanced knowledge of English (Level C2 / "proficiency") or equivalent qualifications.

Students who have completed their higher secondary school studies and/or their undergraduate studies through the medium of the English Language are not required to present an English Language Qualification.

Executive MBA Applicants who do not hold a formal English language qualification but meet all other course entry requirements and exhibit accumulated or informal knowledge of the English language are accepted on the basis of their performance in an Internal English Language Assessment Test administered by the University of Sheffield International Faculty, CITY College.

IMPORTANT NOTE: Due to the variation in standards of **undergraduate education**, students should include complete information regarding all their educational qualifications. The above list is for guidance only and is not conclusive. Students unsure about the acceptability of their qualifications should write for advice to the International Faculty's Admissions Department with full details of their educational background
