Success in a world without borders

Career matters

Your studies are your investment in your future and a solid start for a successful career. Education at the University of Sheffield International Faculty, CITY College, extends beyond classroom. During your postgraduate studies you will be presented with plenty of opportunities to build your employability skills, and grow as an individual and as a professional.

Your future is our focus

At the International Faculty we place particular emphasis on career-related issues. We want our students to succeed in their careers and we work closely with them aiming at building their employability skills in order to be competitive in the labour market. Our Student and Alumni Affairs Department offers a wide range of career services and resources and helps our students and graduates fulfill their career aspirations. The Department maintains a strong and extensive network of employers from large companies and organisations who trust the University of Sheffield International Faculty when recruiting, due to our graduates' remarkable reputation.

Building employability skills

Through a rich industry-based curriculum, we motivate and support our students to articulate their employability skills throughout their studies with us and get involved in a range of professionally-oriented activities. Real-life projects, hands-on training, case studies for real business clients, company visits and guest lectures by experts in their field help our students shape a valued graduate profile and develop an impressive range of valuable attributes, knowledge and skills for their future careers and life beyond.

The annual Career Fair

Every spring the International Faculty of the University of Sheffield organises the annual Career Fair, thus providing its students and alumni with interview opportunities with corporate recruiters to whom they present their skills and abilities. Large companies, organisations and multinationals from different industries across S.E. Europe participate every year in our Career Fair and offer employment and internship opportunities to our students and graduates.

Pursue a career without borders

The University of Sheffield is a globally recognised public British university that is constantly ranked among top universities in Europe and the world. The University's graduates are sought after in the global labour market due to high regard of their degree, as well as the valuable employability skills they develop during their studies. Spread all over the world, the University's graduates enjoy successful careers in big companies, organisations and multinationals. Sheffield graduates completing their studies in Thessaloniki are part of this elite global alumni community and enjoy success in a world without borders.

Join a rich research environment

Academic research represents the backbone of our philosophy and practice. The International Faculty fosters and promotes cutting-edge interdisciplinary research and innovation, providing a supporting environment for both academics'

and students' research activities within all academic departments. In order to promote research further, we have established the South East European Research Centre (SEERC), which carries out substantial research within the region (www.seerc.org).

Enjoy a truly international student experience

Stretching across borders, the International Faculty embraces internationalisation and gives to its students the experiences, curricula and traditions of the University. We aspire to transfer knowledge, in-depth research and academic excellence across the region. The dynamic international

environment of the University of Sheffield International Faculty comprises students and highly qualified faculty members from more than 15 countries. This unique mixture adds even more to the overall learning experience in a truly international environment.

Accreditation and recognition

BRITISH ACCREDITATION COUNCIL
CITY College was first accredited by the British Accreditation Council (BAC) for Independent Further and Higher Education in February 2001. The College received BAC's re-accreditation in February 2007.

NATIONAL ACADEMIC RECOGNITION INFORMATION CENTRE

The degrees of the University of Sheffield that CITY College graduates receive are recognised and certified by UK NARIC. UK NARIC is able to confirm that holders of the University of Sheffield degrees who studied at CITY College should be accorded the same professional and academic rights and privileges as any holders of any UK degree.

BRITISH COMPUTER SOCIETY (BCS)

Graduates of the University of Sheffield International Faculty, CITY College, are awarded the University of Sheffield degree, one of Europe's top 25 universities. Undertake a University of Sheffield Master's degree programme whilst studying in Thessaloniki, Greece.

CITY College is a Faculty of the University of Sheffield

CITY College is an integral part of the University of Sheffield. It is the only Faculty of the British University located overseas with its main campus in Thessaloniki, Greece.

Career prospects in Europe and the world

Our graduates enjoy employment opportunities across Europe and the whole world! The University of Sheffield International Faculty maintains strong links with the industry, keeping thus its courses, its academic staff and its students updated in vital scientific as well as professional developments.

Innovative teaching – Moving from theory to practice

We aim at keeping up with the industry's latest trends and provide our students with valuable practical skills that will prepare them to embark a successful career. With our hands-on learning approach, real-life projects and innovative methodologies we balance theory and practice and provide our postgraduate students opportunities to develop specialist knowledge and skills.

Excellent academic staff

Our full-time academic staff in its vast majority (70%) holds a PhD degree. All academic staff members have extensive teaching and professional experience.

A rich research environment

The University of Sheffield International Faculty is strongly committed to research and heartily encourages and supports the staff to promote their research and publication activities as well as to supervise the research work of students and PhD candidates.

Accredited / recognised by official international bodies

Our quality is verified regularly by external and independent quality assurance bodies. We aim at obtaining accreditation and recognition from prominent international organisations to ensure that all our programmes are offered in accordance with the highest international standards.

Excellent provision for students

We offer a number of support student services, aiming at assisting students to integrate their academic and social life. The Information and Learning Commons (ILC), the Student and Alumni Affairs Department, the English Language Support Unit, the Accommodation Office and the Career Office are some of the services provided.

A city centre campus in a beautiful Mediterranean city

Our main campus consists of 3 buildings in the centre of Thessaloniki and offers students access to numerous facilities. Thessaloniki is considered one of the best cities to study in! It is a beautiful Mediterranean city built next to the sea, a true university city with more than 60.000 university students and a key junction in the South East Europe. It offers all the attractions and advantages of a big city in a friendly and safe environment!
