About SOS Children's Village Plagiari

SOS Children Villages is a unique international charity that helps children with no families to grow in a caring family environment by creating a family and home for them.

SOS Children's Villages has been working in Plagiari since 1997, when the small town became the second location in Greece where the international charity started to assist vulnerable children, young people and families.

This charity activity is an initiative of the Sunrise Movement, the International Faculty's student club dedicated to volunteerism and social action.
